BILL PRICE ELECTED HEAD OF HEIGHTS

The Congress Heights Public Improvement Association last night paid to W. W. Price (Bill Price, of The Times), the great compliment and honor of re-electing him president of the organization for the tenth consecutive time, without opposition. Other officers elected were L. D. Weeks and E. J. Newcomb, vice presidents; F. B. Magruder, recording secretary; Edward Blaine, financial secretary, and Gustave Bender, treasurer.

The association decided to affiliate with the Federation of Citizens Associations, and selected A. E. McKay and P. B. Magruder as its delegates to that organization. The association unanimously recorded itself against any increase of fares for Washington street railways, particularly in the establishment of a zone system. Members expressed themselves as feeling that the public had for years been exceedingly tolerant of the shortcomings of the Washington Railway and Electric Company.

An enjoyable social hour was had after the business meeting had concluded.

13-YEAR-OLD GIRL HAS KILLED 2 MEN

ST. LOUIS, Mo., April 15.—Ursula F. Broderick, aged thirteen, who killed her own father two years ago, shot and killed Joseph Woodcock, her stepfather.

The child's second killing followed an alleged attack on her by Woodcock, according to the story she told the police.

She killed Thomas Broderick, aged fifty-one, after he had beaten his wife and Ursula. The child claimed her father had dragged Mrs. Broderick by the hair and was ready to strike her with a sledge hammer when she stole a revolver from his pocket and killed him.

Ursula was awakened this morning by her stepfather, who stood by the couch on which she was sleeping, she told the police. Her mother had left the room and she was alone with Woodcock, she said. The man placed his hand over her mouth and warned her not to scream. She told of being carried to another part of the room and of a struggle with her stepfather. She shot him with a revolver she had concealed in the folds of her night clothing, the girl said. The revolver was purchased a week ago when, Ursula says, she intended killing herself through fear of her stepfather.

MARSHAL PETAIN TO PAY U. S. TWO VISITS

PARIS, April 15.—Traveling incognito, as a civilian, Marshal Petain, commander-in-chief of the French armies in France, will tour the United States with a party of friends, according to plans divulged last night. The marshal will first pay a visit to the United States to thank Americans and the Red Cross for what they did for France during the war. He will then pay a visit to the "chiefs of the American army who have co-operated in winning the war."

These obligations fulfilled, the marshal will return to France and later again go to the United States for a tour as a civilian.

The marshal has just completed an inspection of the American position. He declared they were "marvelous." He got the impression, he said, that the Americans understood perfectly how to conduct a modern war.

"Their procedure was not known to us," he said, "but the extent and magnitude of their work was a surprise to us, and we must profit from what we have seen. Everywhere we went we found the personnel always busy. I never saw a man who was not working. Everything that was done by the United States was worthy of what we had expected from it."

CHARGE YANKS HAZE FRENCH COLONIALS

PARIS, April 15.—Another complaint against American soldiers and policemen was to be lodged today in the chamber of deputies. Rene Boissoneuf and M. Lagrodiere gave notice yesterday their intention to interpellate the government. It was announced their question would be as to "the measures which the government proposes to take to put a stop to the hazing offenses and crimes of which French colored citizens have been victims for some time past in France, particularly at St. Nazaire, on the part of American soldiers and policemen."

HINES COMPLETES RAISES IN R. R. PAY

Director General Hines has completed the "war cycle" of wage increases. He finished the job by raising the pay of 69,000 employees of the American Railway Express Company, 10,000 dining car employees, and 15,000 sleeping and parlor car employees, it is announced.

Hines gave the express workers \$15 a month additional; the dining car employees approximately \$8 more a month; and about \$12.50 was awarded the sleeping and parlor car men. The increases to each class of workers was designed to make an average advance of \$25 per month over the January 1, 1918, pay scale. Nearly all have had increases since that date.

WEDNESDAY STORE NEWS OF LANSBURGH & BRO.

EDITORIAL

Never hesitate to bring the children with you when you come to our store.

Nothing delights us more than to have our aisles filled with bright-eyed, smiling kiddies.

What if they do give vent to a few lusty shouts. Shouts don't bother us or our good patrons.

And, as for smearing show cases with tiny fingers and faces when investigating the contents, cases have to be cleaned each day anyway.

We are more than repaid for our trouble by the pleasure the children get from seeing the pretty new things.

We have but one fault to find with your "kiddies;" we don't entertain them often enough.
